Important Information...

REQUIRED VACCINATION/NEGATIVE TEST

RESULTS FOR ALL ON-CAMPUS VOLUNTEERS...

If you are a school volunteer and are assisting us with any job on campus (lunch duty, health room, coaches etc.) you are REQUIRED to provide proof of vaccination. If you have been fully vaccinated, please provide a copy of your vaccination card ASAP if you have not yet done so.

If you are not vaccinated and would like to continue to be an on-campus volunteer, we ask that you show proof of a negative COVID-19 test each week to continue to volunteer on campus. You can sign up for our onsite COVID testing each Friday.

Sick Child(ren) Reminder

As per COVID health guidelines, if your child(ren) is(are) not feeling well before they come to school (headache, coughing, sneezing, sore throat, fever of 100.4 or above, body aches, throwing up, upset stomach, etc.), please do not send them to school - keep them comfortable at home.

If they are presenting any of these symptoms, they will need to have a negative COVID-19 test result before returning to school.

This will allow us to keep all the other students, staff, and faculty well!

ONSITE COVID TESTING

Testing is held in the Hall every Friday at 8:00 am. This weekly testing is a free program through Heluna and Primary Health open to all on campus (vaccinated or unvaccinated), which includes staff, students, and any parents who volunteer on our campus. This program also satisfies the testing requirements for those who are in our athletic programs. If you wish to participate in the program, you need to pre-register for testing by copying & pasting this link:

https://my.primary.health/l/saint_louise_de_marillac_school

You only need to register once and each time you test, it will take no longer than 15 minutes. Students signed up for the program will be taken over to the Hall during the morning by a staff member to get tested. If you are a parent volunteer and want to get tested, you just need to go directly to the hall at 8 am. Results are generated and provided to both those that have been tested and the school. Please note this program is free for all participants. Thank you for helping us stay safe and prevent outbreaks!

DID YOU KNOW?

Talk to your teenagers about Instagram

Teens and social media have been in the news a lot over the past several months, as research shows how damaging social media sites can be for self-esteem, productivity, and overall well-being. Instagram has been called out, with research citing harm done by filters and by bullying in private messages. How can parents protect their children from the negative impacts such a popular and prevalent site cause? Experts recommend keeping open lines of communication with your teenagers, talking to them often about what they see and how they feel about it. Use age and activity limits or monitoring to keep tabs on how your teens are using Instagram and other social media sites.

For more information, read the Associated Press' "Instagram and teens: How to keep your kids safe," at <https://apnews.com/article/technology-social-media-instagram-parents-guide-d5124f7229bbd6a892d9ac487cc04f96..>

For more information on other ways to keep kids safe, contact Linda Filkins, the Parish Safeguard Committee Chairperson at (626) 214-7846 or the Archdiocesan Safeguard the Children Office at (213) 637-7227. For particular help, call the Victims Assistance Office at (213) 637-7650.
